We were proud to watch our show group team deliver an inspiring workshop on the effects of disadvantages (which they created on a project with UCL), to a group of influential people from across Liverpool who they had invited. We would like to thank UCL for the amazing work they did, all who attended and the Liverpool Hilton for the use of their venue to host the workshop.

It was the final term with our Rainford High School Afterschool Provision and Enrichment students, who showcased "One Night Only" - A show they planned, produced and performed - for friends and family to watch and see all their hard work pay off.

As part of Blank Canvas we were excited to bring in international choreographer Nader Musharbash to deliver a masterclass to our students, who were able to access it for free!
